

2024~

The correct way to put out garbage

Let's endeavor to reduce garbage and promote recycling!

Please be sure to puncture spray cans and small gas cylinders with a large hole.

Take your own bag with you when you go shopping!

- Put combustible and noncombustible household garbage into **garbage bags designated by Soja City**.
- For noncombustible large garbage, stick **a large garbage disposal ticket** on it before placing it outside your home for collection.

※When a garbage bag is torn, please repair it with tape.
(It is not necessary to use a new garbage bag)

Environment section, Environment
Water Department Soja City Office

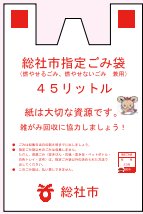

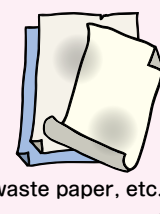

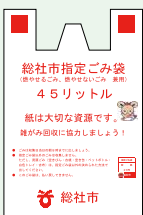

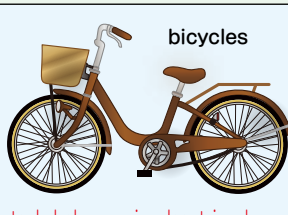

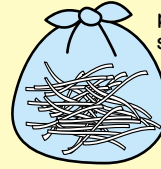

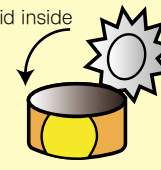

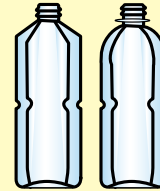

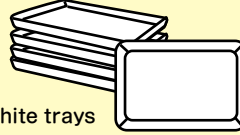

Tel. 92-8338

(Website of Soja City Office <http://www.city.soja.okayama.jp/>)

Collectible garbage Monday-Friday

(including national holidays)

※There are no collection at the end and beginning of the year.
First week of January is different from regular weeks.

Category/type of receptacle		Category day/frequency	Collectible items/specific examples
Combustible garbage	 Garbage bag designated by Soja City	Twice a week (Please check your collection dates on the garbage collection site message board.)	 kitchen garbage ※Please dispose of excrement  paper diapers ※Please dispose of excrement  waste paper, etc.  wood shavings, etc. ※disposable body warmers, shells, CD CDs, videotapes, polystyrene,

Items weighing 50kg or more should be taken directly to the Kibiji Clean Center.

Be careful when attaching the large garbage disposal ticket

The large garbage disposal ticket is a sticker. Wipe moisture and dust from the place where you are going to attach the sticker, and do so firmly so that it does not come off.

Please be careful it does not come off after applying.

Places where large garbage disposal tickets can be purchased

Large garbage disposal tickets are sold at the following places. Please purchase them at the nearest place to you. There are 3 types : ¥200, ¥600, ¥1000.

Citizen's Section, Soja City Office

(On Saturdays, Sundays, and national holidays and after hours, use the city office's night-time reception counter.)

Yamate branch, Kiyone branch (Environment Section), Kita branch, Nishi branch, Showa branch

If you want an individual collection, please see the next page.

Individual door-to-door collection of large garbage

Individual door-to-door collection of large garbage(noncombustible, combustible) is provided for the convenience of people who cannot put noncombustible large garbage out at collection points or cannot transport large garbage to the Kibiji Clean Center.

Please make sure to put the large garbage in front of your residence

- ① Apply to the Environment Section, Soja City Office.

TEL:92-8338

Business hours; Monday to Friday 8:30-17:15

(Closed on national holidays and at the end and beginning of the year)

- ② Convey necessary matters.

Please give your name, address, telephone number, type of garbage, and number of items.

The garbage will be collected a week or more after the day of application.

※Collections day are on Tuesday and Friday. 9:00-16:00(There are no collections on national holidays and at the end and beginning of the year.) Sometimes collection might not be possible on your desired day.

- ③ Put out the large garbage

Collection fee (¥1000 per small truck)

※ Attendance is necessary on day to collect it.

+

Please pay fees for large garbage collection

(refer to 4-5,7pages of lists)

Applicable items

- Combustible large garbage, such as wooden furniture
- Noncombustible large garbage, such as household electric appliances and bicycles

Note : Please separate small items as combustible garbage and noncombustible garbage and put them out at the garbage collection point.

Non-applicable items

Single items that weigh over 50kg and cannot be carried by the truck
Concrete blocks, pieces of concrete, etc.

Fees for individual door-to-door collection of large garbage

List of fees for combustible large garbage collection

※ Please note that combustible large garbage cannot be put out at a collection point.

Collection of Computers and Small Home Appliances via Courier

Service: Collection of computers and small home appliances via courier is available through the city's partner, ReNet Japan Recycle Co., Ltd. If a computer is included in the collection, the collection fee is free.

Items

Computers, mobile phones, videos, audio equipment, household and kitchen appliances, etc.

TVs, refrigerators, washing machines, air conditioners are excluded.

For details, check the ReNet Japan Recycle website.

Collection fee is 1,760yen per box.

※From April 1, 2025, it will be 1,848yen.

Maximum box size: 140cm total for three sides, within 20kg

Notes

1. Free collection applies only to one box per collection, which includes a computer.
If a CRT monitor is included, additional fees will apply due to processing costs.
2. If no computer is found after collection, you will be billed for the collection fee.
3. Collection is not available for businesses or non-household items.
4. If collection requires a fee, payment is made upon collection or via credit card.
5. No changes or returns can be made after the application. Collection date changes are possible until 3:00 PM the day before.
6. Direct drop-off at Kibiji Clean Center is still available.
7. For free data erasure on computers, choose "self-erasure" instead of "leave it to us," which incurs a fee.

Application: **ReNet Japan Recycle Co, Ltd.**

For Internet Users

ReNet japan

For Non-Internet Users:

TEL 0570-085-800

Hours: 10:00 AM to 5:00 PM

Method for TVs, refrigerators, freezers, washing machines, air conditioners, and clothes dryers

Please handle that by the next method.

1 Ask the home electric appliance shop to take the old one

Please ask the retail store where you purchased the item or the retail store where you purchase a replacement to take the old one.

2 Take it to the designated collection location.

Please purchase Appliance Recycling Ticket, bring it to the following designated collection location.

- Okayama Ken Kamotsu Co.,Ltd 700-10, Ijirino, Soja-shi, Okayama **TEL 0866-92-0481**
Soja Main Branch Business hours: Monday-Saturday (9:00-12:00 13:00-17:00)
※ For details, apply to the office

If you cannot do them, please refer to Environment section, Soja City Office

TEL 0866-92-8338

It is a policy that a maker recovers the home PC First of all, refer to the manufacturer maker

Please refer to recycle reception of the manufacturer and PC3R general incorporated association for the recovery method and the fees.

These items can be taken to the Kibiji Clean Center but they should be put out at collection points.

Garbage Disposal Q&A

Q: Is garbage collection on holidays?

A: Yes, collection on holidays. However, there is no collection during the year-end/New Year holidays (December 31 to January 3).

Q: The garbage was not collected at the usual time. Will they come later?

A: The collection time may be delayed due to the volume of waste. If it is not collected by 3PM, please contact the Environmental Section at 0866-92-8338.

Q: On resource waste collection day, only some types were collected. Will they come later?

A: Different collection vehicles may be used for different types of resource waste. If some types are not collected by 3 PM, please contact the Environmental Section at 0866-92-8338.

Q: How should I dispose of a large amount of waste from cleaning up?

A: Take it directly to the Kibiji Clean Center or contact a licensed waste collection service.

Don't use unauthorized collection services, as this may lead to illegal dumping or other issues.

Q: Can I dispose of long items like umbrellas as non-burnable waste even if they stick out of the designated bag?

A: Yes, as long as most of the item is inside the bag, it can be collected.

Q: How should I dispose of agricultural pesticides, waste vinyl, and agricultural machinery?

A: These are considered industrial waste. Please consult with the store where you purchased them (e.g., agricultural cooperatives or machinery dealers).

Q: Can I dispose of soil or stones?

A: Soil and stones are considered natural materials and not waste. Please handle them yourself. Mixed waste including soil and rubble can be taken to the Soja City Final Disposal Site.

Q: How can I dispose of burnable waste that is too large for the designated bags, such as furniture, if I cannot take it to the Kibiji Clean Center?

A: Use the city's individual collection service (see page 6) or contact a licensed waste collection service.

Q: How should I dispose of spray cans that still have contents?

A: Empty the contents outdoors in a well-ventilated area, puncture the can, and dispose of it as non-burnable waste. For lacquer spray cans, spray the contents into a bag with old newspapers, puncture the can, and dispose of the can as non-burnable waste and the newspaper as burnable waste.

Q: Why does the collection day for garbage in my apartment differ from the schedule in "The correct way to put out garbage"?

A: Apartment garbage may be collection by a contractor hired by the apartment management.

Please check with the landlord or management company. If not collected by the city's contractor, designated bags and large waste disposal tickets are not required.

Soja city Final Disposal Site

3740, Shitagura, Soja city

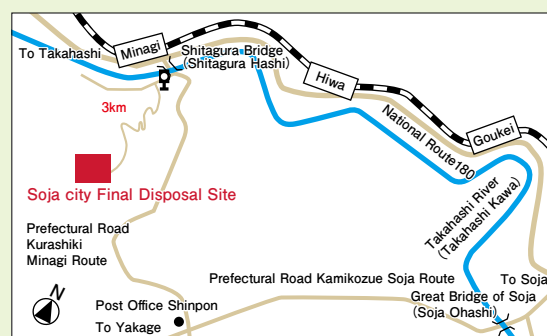

TEL 0866-99-2130

●Monday to Friday (closed on holidays), 9:00 AM to 4:00 PM

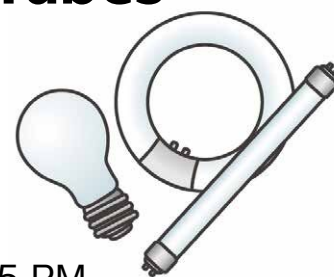

●Sunday (1st and 3rd only) 9:00 AM to 4:00 PM

Collection of Fluorescent Tubes

Place to collect and Reception hours

- City Hall Main Building (Counter 12) 8:30 AM to 5:15 PM
(※ excluding weekends, holidays, and year-end/New Year holidays)
- Each branch office 8:30 AM to 5:15 PM
(※ excluding weekends, holidays, and year-end/New Year holidays)
- East and West Community Centers 8:30 AM to 5:15 PM
(※ excluding Mondays and year-end/New Year holidays)
- Comprehensive Welfare Center for Workers (Sunwork Soja)
9:00 AM to 9:00 PM (※ 9:00 AM to 5:00 PM on Sunday)
(※ excluding Mondays, holidays, and year-end/New Year holidays)
- Itaguchi store (Hiwa)

How to collect and precautions

- Fluorescent tubes contain mercury and can not be disposed of at garbage collection points. Bring household fluorescent tubes and mercury lamps in their original packaging or wrapped in a bag to the designated collection points for free disposal.
- Incandescent bulbs, LED lights, and glow bulbs should be disposed of as non-combustible waste.
- Fluorescent tubes from businesses are not accepted and should be disposed of as industrial waste.
- We also exchange miscellaneous paper and designated garbage bags at the locations listed above. (Excluding Sunwork Soja and Itaguchi store.)
- Bring miscellaneous paper (among old paper) in a paper bag or tied with string. Exchange for designated garbage bags based on weight.
